

# Agriform®

Planting Tablets

## Planting Tablets For Root Zone Feeding

R-1215	AGRIFORM	(500 PER BOX)	20+4.3+4.1	21GM
R-1200	AGRIFORM	(1000 PER BOX)	20+4.3+4.1	10GM

Agriform tree and landscape planting tablets are easy to use with NPK and traces that eliminate the need for measuring small quantities of dry materials and provide a safe, scientifically complete plant food.

# Agroblen®

Controlled Release Fertiliser

## Advanced Crop Nutrition

R-1180	AGROBLEN 2-3 MTH	18-3.5-14.1MG	20 KG BAG
R-1181	AGROBLEN 3-4 MTH	15-3.4-13-2.4MG STANDARD	25 KG BAG
R-1182	AGROBLEN 5-6 MTH	15-3.5-13.3-3MG STANDARD	25 KG BAG
R-1184	AGROBLEN 5-6 MTH	20-4.4-8.3-2.4MG STANDARD HI N C/F	25 KG BAG
R-1195	AGROBLEN 8-9 MTH	19-4-8+2.4MG FRUIT	25 KG BAG
R-1186	AGROBLEN 8-9 MTH	22-3-9-1.2MG	25 KG BAG

Agroblen is designed to feed an in-ground crop for the full season with only one application. Continuous release of N, P and K for up to 12 months minimising nutrient leaching allowing lower application rates without the risk of burning roots.

# Sierrablen® Flora

Controlled Release Fertiliser

## 21+1.8+9.0+Trace Elements Landscape Special From the Makers of Osmocote®

R-1230	SIERRABLEN FLORA	20KG
--------	------------------	------

Sierrablen Flora is a complete controlled release fertiliser designed for use in landscape establishment and maintenance. It is safe to apply in the planting hole due to the unique fertiliser coating system. The coating controls the slow release of nutrients for a full growing season and minimises the potential for the fertiliser to wash away. The steady release of nutrients feeds for the full season even during rain and encourages a strong root system and fast, early establishment.

# Ficote®

Controlled Release Fertiliser

## 15+3.5+10+Trace Elements

R-1003	FICOTE	3/4 15-3.5-10-TE	25KG
R-1004	FICOTE	5/6 15-3.5-10-TE	25KG
R-1005	FICOTE	8/9 15-3.5-10-TE	25KG
R-1006	FICOTE	12/14 15-3.5-10-TE	25KG

# Magrimax®

Micronutrients

R-1268	MAGRIMAX 28% MAGNESIUM	25KG BAG
--------	------------------------	----------

Magrimax is granulated Magnesium oxide and Sulphate which prevents Magnesium deficiencies and enhances Calcium availability for many perennial and tree and shrub crops.

# Micromax®

Micronutrients

R-1160	MICROMAX GRANULAR TRACE ELEMENTS	22.7KG
--------	----------------------------------	--------

Micromax is the industry standard for a complete complex of essential micronutrients. The powerful micronutrient formula maximises the growth potential of all plants grown in soilless media.
